

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

C. & E. L. respectfully announce to the Secretaries of Assurance Offices, that having entirely devoted a considerable portion of their extensive Premises for the execution of **Policy Heads, Shares, Cheques, Agents' Show Boards, Broad-sides, Reports, Pamphlets, &c.**, required by Assurance Companies, they are enabled to execute any Orders they may be favoured with expeditiously, and upon the most *reasonable terms*.

SPECIMENS MAY BE SEEN ON APPLICATION.

C. & E. L. will be happy to forward (post-free) the Forms of Proposal and Prospectuses of the Life Assurance Companies of London, and undertake to effect any insurance with the Establishment which may ultimately be preferred, without charge to their Correspondents.

There are Three descriptions of Life Assurance Companies, viz.:-

1st. The *Mutual*.—In which the Assured are their own Assurers, and receive the whole of the Profits; there being no other Proprietary Body.

2nd. The *Proprietary*.—These Companies are composed of Shareholders who are responsible to the Assured, each to the extent of his subscribed Capital, and among whom the whole of the Profits are divided.

3rd. The *Mixed*.—In which a defined portion of the Profit is given to such of the Assured as prefer to pay larger Premiums to entitle them to such participation, the remainder of the Profits belonging to the Shareholders.
